

## **Fubon Bank (Hong Kong) Limited (the “Bank”)**

### **Privacy Impact Assessment**

The Bank adopts a Privacy Impact Assessment (“PIA”) to evaluate a new product or service to be launched by the Bank (which involves new personal data processing or material changes to such data processing) in terms of its impact upon personal data privacy. The PIA includes the assessments on the purpose and manner of collection of personal data, the accuracy and retention of such personal data, the use and security of personal data and also the review on the sharing and use of consumer credit data (if any) to ascertain if there is potential privacy risks so as to make necessary improvements, with the objective of avoiding or minimizing adverse impacts.
